9. SNAIDERO CERTOSA SILVER KITCHEN

Certosa Silver features a pepper-quartz stone countertop with an antique finish. Its 94-inch-wide pantry is big enough to store household appliances. (310) 516-8499; www.snaidero-usa.com

10. STARCK TIME AND WEATHER STATION

The clean LCD face of this clock—designed by Philippe Starck in collaboration with Oregon Scientific—includes a bold time-and-date display that is automatically regulated by a radio signal from an atomic clock. The time can be projected on a wall or ceiling, which makes it useful in the bathroom, where you might not be wearing your glasses. Other features include the weather forecast, current indoor and outdoor temperatures, humidity, and record measurements. Available from the MoMA Design Store. (800) 447-6662; www.momastore.org
